The Kansas Chamber promotes its mission and purpose as the state’s leading advocate for pro-business policies through its annual events.

- ▶ E-mail campaigns that reach an average of 3,000 business professionals.
- ▶ 1000+ online visitors to event web pages each month.

Investing Can Help:

- ▶ Strengthen your company’s brand and spotlight its latest initiatives.
- ▶ Position your company as a leader on critical and timely issues for the business community.
- ▶ Create strategic relationships with business leaders within and across industries.
- ▶ Generate productive new leads.
- ▶ Gain access to elected leaders and policy influencers.
- ▶ Develop, recruit, and retain your employees.

Event Marketing Program

The Chamber’s most valuable investment package is the **Event Marketing Program (EMP)**.

The **EMP** bundles all ten annual events scheduled throughout the year. Through this program, businesses can raise awareness of their companies among Chamber members, the Kansas business community, and with federal, state, and local elected officials - at up to a 50% savings.

The **EMP** investment benefits include registration to the events plus company logos in the Monthly Memo newsletter and on the Chamber’s website. Depending upon level of investment, additional benefits may include your company’s logo on event signage and e-communications to chamber members as well as recognition during the event and speaking opportunities. And an exclusive perk for **EMP** members - virtual events include unlimited registrations as long as there are slots available.

In addition to the investment benefits, businesses who join **EMP** receive exclusive perks and marketing opportunities throughout the year - including special tours, opportunities to share company videos to event attendees, and discounted investments for other Chamber events.
