Two- & Four-Year Cycles

2023 Competitiveness BLUEBOOK

The **Kansas Chamber Education Foundation** is a non-profit educational foundation whose purpose is to support programs, research, educational opportunities, and other initiatives that encourage and enhance our free enterprise system, the Kansas business community, and the Kansas economy.

The Foundation works closely with the Kansas Chamber and its members to research policy areas that are important to the state's business community. It furthers the Chamber's mission by providing research and policy solution recommendations to Kansas policymakers so they can make informed decisions about how to best advance the Kansas economy and improve personal liberty and the lives of Kansas citizens.

The Foundation and Chamber launched Vision 2025, a long-term strategic plan, to address Kansas' sluggish economic growth.

The plan has four focus areas:
1) grow talent supply, 2) advance competitiveness, 3) expand innovation & entrepreneurship, and 4) improve business infrastructure.

Vision 2025 is an aggressive approach to better compete in attracting, building, and creating wealth in Kansas. Job growth also is an important objective. Central to the mission are its four strategic areas of focus:

TALENT SUPPLY GROWTH

Increasing the supply of skilled talent necessary to sustain and improve Kansas businesses and their growth plans.

BUSINESS INFRASTRUCTURE IMPROVEMENTS

Improving Kansas' many business infrastructure needs through smart and targeted investments.

ADVANCE OUR COMPETITIVENESS

Ensuring the Kansas business environment remains competitive, stays ahead of other states, and gives our businesses the edge they need to succeed.

INNOVATIVE & ENTREPRENEURSHIP EXPANSION

Creating a favorable environment for business innovation and for early stage and fast growth companies.

The Foundation's **2023 Competitiveness Bluebook** presents data-driven information on Kansas' economic

health by comparing the state to the rest of the country on how it performs in a number of key indicators.

We encourage readers to use this book as a resource as we work together to remove barriers to our state's business and economic success. To learn more about the Kansas Chamber Education Foundation and *Vision 2025*, go to www.KansasChamberFoundation.org.
